I am a passionate geek about quilting and art. As a full time longarm quilter and digital pattern designer, my business is my playground. I use the best computerized quilting system on the market today, with the latest industrial stitch regulator. The stitches are perfect every time. So call or email and let's get started!

"Your work is going to fill a large part of your life, and the only way to be truly satisfied is to do what you believe is great work. And the only way to do great work is to love what you do"   Steve Jobs

Preparing Your Quilt

The following steps help ensure the best possible machine quilting of your piece.

1. Measure both top and bottom of quilt top and backing. Make sure they are both square and flat. Write the measurements down.

2. Clip loose threads and make sure all seams are secure. Pay close attention to borders. If the border is pieced stay stitch about 1/8" from the edge to prevent seams from coming loose during the quilting process.

3. Press quilt top and backing with care to prevent stretching. Trim any seam allowances so the quilt lays flat. Be careful with the borders as they can become very loose and wavy.

4. Identify the top of the quilt with a safety pin to ensure quilting pattern is in the correct direction.

5. Avoid using salvage edges in the seams of your quilt back, it will pucker when washed. Salvage edges are okay in the un-quilted area.

6. Ensure quilt back and batting are 8 to 10 inches longer and wider than the quilt top. This is needed for the loading process.

7. Do not pin or baste.

8. Fold neatly.

9. If mailing - mail in a box large enough for the finished quilt to be returned.

The Quilting Bistro

Longarm Quilting Services
and Design Studio

You take the time to find the perfect pattern and the perfect fabric. After countless hours of cutting and sewing your labor of love has become a work of art. Quilting will enhance your work. Let's get together, have fun and find a quilt design that will bring your quilt to life.

Quilt Estimator

Step 1: Calculate Square Inches

$$\underline{\hspace{2cm}} \times \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$
Width   Length   Total Sq In

Step 2: Quilting Rate

$$\underline{\hspace{2cm}} \times \underline{\hspace{2cm}} = \underline{\hspace{2cm}} \quad (1)$$
Total Sq In   Quilting Rate

Step 3: Binding

$$\underline{\hspace{2cm}} \times \underline{\hspace{2cm}} = \underline{\hspace{2cm}} \quad (2)$$
Total Inches   Binding Rate

Step 4: Thread

$$\underline{\hspace{2cm}} \times \underline{\hspace{2cm}} = \underline{\hspace{2cm}} \quad (3)$$
No. of colors   Thread Rate

Step 5: Additional Services

$$\underline{\hspace{2cm}} \times \underline{\hspace{2cm}} = \underline{\hspace{2cm}} \quad (4)$$
Service(s)   Rate

Step 6: Total

Add totals 1, 2, 3, 4 = \underline{\hspace{2cm}}
